

Attendance Weekly Update

w/c 17th July 2023

Section 1: News

Thank you!

As this is the last Weekly Attendance Update of the academic year this is an ideal opportunity to thank colleagues in schools and settings, who have worked together with the Local Authority and partner organisations, to help support the attendance of all our children and young people. We encourage all

schools/settings to send at least one representative along to one of the September briefings, the details of which can be found later in this update (see Key Dates).

We hope you all managed to get a well-earned break over the summer and we look forward to working with you in the new academic year.

Improving multi-agency information sharing

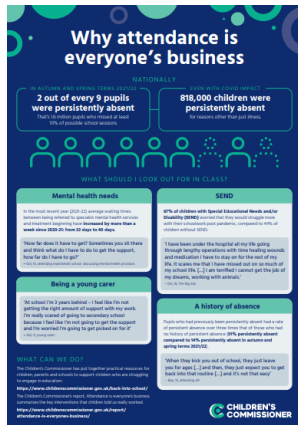

The Department for Education (DfE) have worked closely with colleagues in the Department of Health and Social Care (DHSC) and Home Office (HO) to produce this report, highlighting the barriers practitioners working with children and families face when sharing information and investigating potential solutions to this. The information in the report has come from primary research conducted by DfE, HO and DHSC including multi-agency practitioner workshops and a comprehensive literature review

To address the issues with multi-agency information sharing the report identifies the need for: • functioning, joined-up systems across agencies that support the right data to be used securely by the right people at the

right time • an accurate and well maintained ‘golden record’ about a child/family • confident practitioners who are clear on their roles and responsibilities for sharing and seeking information and feel they can do so in low burdensome ways.

Improving Support for Children Missing Education – open consultation

The Department for Education (DfE) want to empower local authorities, schools and others to identify and support children missing education more effectively. This is to ensure every child gets an education, wherever they live and whatever their background.

In this call for evidence, the DfE are seeking views on:

- how children missing education are identified and supported

- the challenges in identifying and supporting children missing education
- how to address those challenges

Children missing education are children of compulsory school age who are not registered pupils at a school and are not receiving suitable education otherwise.

To respond to the consultation please visit [Improving support for children missing education - Department for Education - Citizen Space](#)

The consultation closes on 20th July 2023

Exclusions Task and Finish Group

Following a short break, the Exclusions Task and Finish Group is recommencing later on this month. This group is made up of key stakeholders who are interested in understanding the factors that underpin exclusions and suspensions and to explore how we can reduce the number of incidents experienced by pupils across the city.

Section 3: Regular Features and Reminders

Accessing the newly redesigned Department for Education school attendance monitoring tool before September

Attendance in the first week of September sets pupils up for the year. The Department for Education know that schools, trusts and local authorities will already be identifying pupils who need additional support to attend well.

Schools voluntarily [sharing daily attendance data with the DfE](#) will be able to access the redesigned [monitor your school attendance tool](#) from week commencing 10 July.

These changes include:

- pupil attendance codes to the start of the academic year
- indicators for termly trends
- data visualisations for quick insight
- a weekly view of pupil attendance
- fixes to some data quality issues and loading times

If you're already sharing data, [log in to your Wonde portal](#) to share child in need (CIN), child protection plan (CPP) and pupil leaving date. Please agree, even if you do not currently record all this data in your management information system.

DfE Daily Attendance Data - monthly webinar for schools, trusts and LA

The DfE are hosting another one of their monthly DfE webinars on 20th September 2023. Schools that share data get access to attendance reports via a digital service. These reports are also available to their local authority and academy trust (if applicable).

Join one of the sessions to learn more or ask a question, please visit: [DfE Daily Attendance Data - monthly webinar for schools, trusts and LA Tickets, Wed 20 Sep 2023 at 11:00 | Eventbrite](#)

School Data Packs Update Part 2 available from 6th July 2023

Most schools are now routinely accessing the School Data Packs provided free by the Local Authority. Until now, the data that has been available is based on publicly released data from the Department for Education, however from **6th July** schools will be able to access further reports based on live data returns. This means schools will be able to interrogate their own data in detail in relation to attendance and suspensions.

To support using this new section of the Data Packs, a guidance document has been produced and is available on the Attendance Toolkit under the Attendance Data Tab.

If you are yet to access your data pack, please nominate a member of staff to be the lead

Flu Vaccination 2023-24

This autumn term all primary school aged children in England (from Reception class to Year 6) will be offered a flu vaccination by the NHS school aged immunisation service. Most children are offered a nasal spray flu vaccine. We are grateful for the support of schools in hosting vaccination sessions. Delivering the programme through schools makes it more accessible to pupils which results in higher uptake levels. The school aged immunisation service will be in touch with schools to agree a date for the vaccination session and the best approach for implementing the programme in schools.

For more information please visit [Flu vaccination in schools - GOV.UK \(www.gov.uk\)](https://www.gov.uk)

Every child's right to a successful transition 2022-23

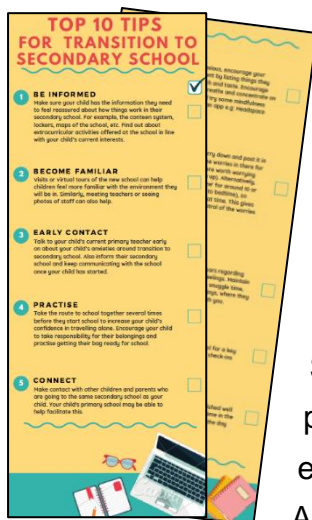

Last year a guidance document was produced utilising a community based approach to effective transition between provisions across the City of Bristol (Year 6-7). Successful transition supports securing high levels of attendance, successful educational outcomes and the development of a sense of belonging. This guidance has now been updated covering the current academic year and is available on the Attendance Toolkit.

The Education Hub – Parent fines for Missing School: What you need to know

The Education Hub has provided guidance for parents to support the understanding of the risk of fines if their child misses school without a good reason. Local councils and schools can intervene, in some cases, this might mean that parents receive a fine.

For further information please visit: [Fines for parents for taking children out of school: What you need to know - The Education Hub \(blog.gov.uk\)](#)

Year 6 to Year 7 transition

To support this area of activity a guidance document has produced by the Education Psychology Team with the Top 10 Tips for Transition to Secondary School. This guidance is designed help parents/carers support their children at this important time in their education. This guidance document is available on our Attendance Toolkit details can be found later in this update.

Bulk Admissions – Acceptance of Places by Parents and Carers

- For children moving schools in September as part of the bulk admissions arrangements this is an important time of year as transition activity begins
- We would ask our primary schools to remind parents/carers to formally confirm their decision in relation to the schools they have been offered through the parental portal. This is an important part of the process to place children on roll at their new setting. Please see [Admissions \(bristol.gov.uk\)](https://www.bristol.gov.uk/admissions)
- Parents wishing to appeal or go on waiting lists should be reminded that their duty to ensure their child receives an education recommences at the start of the academic year.
